Experience

Freelancer (Graphic Design)

2022 - 2023

Over the past year, I have honed my skills as a freelance graphic designer, working with diverse clients across various industries. My projects have ranged from creating logos and brand identities to designing marketing materials such as brochures, social media graphics, and websites.

Freelancer (Web Development)

2022 - 2023

Over the past two years, I have specialized in creating responsive, visually appealing websites that prioritize user experience. My skills in HTML, CSS, and JavaScript enable me to deliver clean, functional designs that align with client needs.
